WRITTEN ANSWERS TO STARRED QUESTIONS

Supply of LPG in the Country

†*263. SHRI SATYAVRAT CHATURVEDI:
SHRI MOTILAL VORA:

Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) the names of those States in the country, in respect of which Government is aware of shortage of LPG therein;

(b) the quantum of LPG being allocated in the counry, State-wise; and

(c) whether allocation of LPG for those States would be enhanced in the current year, where such allocation is not done as per their requirement?

THE MINISTER OF PETROLEUM AND NATURAL GAS (SHRI MURLI DEORA): (a) to (c) Public Sector Oil Marketing Companies (OMCs) have reported that at present, there is no overall shortage of LPG in the country, and LPG supplies to distributors are being made by the OMCs through indigenous production and imports in accordance with the requirement of customers registered with the LPG distributors. However, OMCs have from time to time reported occasional backlogs in certain States/Union Territories due to natural calamities such as floods, road breaches, collapse of bridge and stoppage of work by various sections of employees, transporters and contract labourers, hartals etc. The Government has advised OMCs to liquidate the backlog in the States/UTs by operating the bottling plants on holidays & by extending hours of working.

The demand of the customers is met by the OMCs and they have supplied 4.86 million metric tonnes (MMT) of LPG in the country during the period from April-September, 2007 as against 4.65 MMT during the period April-September, 2006, showing a growth rate of 4.5%. State-wise details of LPG supplied during the period April-September, 2007 are given in the Statement.
